### Important Notice From Ohio Carpenters Health and Welfare Fund About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Ohio Carpenters Health and Welfare Fund and prescription drug coverage available for people with Medicare. It also explains the options you have under Medicare prescription drug coverage, and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

1. Medicare prescription drug coverage became available to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage in 2006. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Ohio Carpenters Health and Welfare Fund has determined that the prescription drug coverage offered in the Ohio Carpenters Health and Welfare Fund is, on average for all plan participants, NOT expected to pay out as much as the standard Medicare prescription drug coverage will pay and is considered Non-Creditable Coverage. This is important, because for most people enrolled in Ohio Carpenters Health and Welfare Fund plan, enrolling in Medicare prescription drug coverage means you will get more assistance with drug costs than if you had prescription drug coverage exclusively through Ohio Carpenters Health and Welfare Fund.
3. You have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you enroll. Read this notice carefully - it explains your options.

#### Consider enrolling in Medicare prescription drug coverage.

Because the coverage you have with Ohio Carpenters Health and Welfare Fund is on average for all plan participants, NOT expected to pay out as much as the standard Medicare prescription drug coverage will pay, consider enrolling in a Medicare prescription drug plan. Individual's can enroll in a Medicare prescription drug plan when they first become eligible for Medicare and each year from November 15th through December 31st. Beneficiary's leaving employer/union coverage may be eligible for a Special Enrollment Period to sign up for a Medicare prescription drug plan.

This may mean that you will have to wait to enroll in Medicare prescription drug coverage and that you may pay a higher premium (a penalty) if you join later and you will pay that higher premium as long as you have Medicare prescription drug coverage.

If you go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your premium will go up at least 1% per month for every month after May 15, 2006, that you did not have that coverage. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what many other people pay.

Once you retire and are no longer an Active Participant, you and your dependents no longer receive prescription drug coverage under the Ohio Carpenters Health and Welfare Fund. However as a result of the relationship between the Ohio Carpenters Health and Welfare Fund and Medco, the prescription benefit manager for Active participants, Medco provides a discount card to all retirees under the Ohio Carpenters Health and Welfare Fund. You will still be eligible to receive this discount drug card as well as all of your current health benefits if you choose to enroll in a Medicare prescription drug plan.

### **You need to make a decision.**

When you make your decision, you should also compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.
