Important Notice From Ohio Carpenters Health and Welfare Fund About Your Prescription Drug Coverage and Medicare

Please read this notice carefully, and keep it where you can find it. This notice has information about your current prescription drug coverage with Ohio Carpenters Health and Welfare Fund and new prescription drug coverage available soon for people with Medicare. It also tells you where to find more information to help you make decisions about your prescription drug coverage.

- 1. Starting January 1, 2006, new Medicare prescription drug coverage will be available to everyone with Medicare.**
- 2. The Ohio Carpenters Health and Welfare Fund has determined that the prescription drug discount card offered in the Ohio Carpenters Health and Welfare Fund is, on average for all plan participants, NOT expected to pay out as much as the standard Medicare prescription drug coverage will pay. This is important, because for most people, enrolling in Medicare Prescription drug coverage before May 15, 2006 means you will get more assistance with drug costs.**
- 3. You have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you enroll. Read this notice carefully - it explains your options.**

You may have heard about Medicare's new prescription drug coverage, and wondered how it would affect you. Starting January 1, 2006, prescription drug coverage will be available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug coverage will provide at least a standard level of coverage set by Medicare. Some plans might also offer more coverage for a higher monthly premium.

You might want to consider enrolling in Medicare prescription drug coverage.

Because the prescription drug discount card you have with the Ohio Carpenters Health and Welfare Fund is, on average for all plan participants, NOT expected to pay out as much as the standard Medicare prescription drug coverage will pay, you might want to consider enrolling in a Medicare prescription drug plan. You can first join between November 15, 2005 and May 15, 2006. **This is important because if you do not get Medicare prescription drug coverage (or equivalent coverage) before May 15, 2006, you may have to pay a higher premium if you join later. You will pay that higher premium as long as you have Medicare prescription drug coverage.**

If you don't enroll in Medicare prescription drug coverage by May 15, 2006 and change your mind later, you may pay more.

If you wait until after May 15, 2006 to enroll, your monthly premium for a Medicare prescription drug plan could be much higher than it would have been if you had enrolled by May 15. If, after May 15, 2006 you go 63 days or longer without prescription drug coverage that is at least as good as Medicare prescription drug coverage, your premium will go up at least 1 % per month for every month after May 15, 2006 that you did not have that coverage. You will have to pay this higher premium as long as you have Medicare Prescription drug coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what most other people pay.

If you don't enroll in a Medicare prescription drug plan by May 15, 2006, you may also have to wait to enroll.

Generally after May 15, 2006, you can only join a Medicare prescription drug plan between November 15 and December 31 of any year. This may mean that the number of months you have to wait for coverage will be longer, which could make your premium higher.

Once you retire and are no longer an Active Participant, you and your dependents no longer receive prescription drug coverage under the Ohio Carpenters Health and Welfare Fund. However as a result of the relationship between the Ohio Carpenters Health and Welfare Fund and Ullicare, the prescription benefit manager for Active participants, Ullicare provides a discount card to all retirees under the Ohio Carpenters Health and Welfare Fund. You will still be eligible to receive this discount drug card as well as all of your current health benefits if you choose to enroll in a Medicare prescription drug plan.
